Basic Information

- Place of Origin: China
- Minimum Order Quantity: 2
- Price: \$30,000.00/units 1-4 units
- Delivery Time: 45-60
- Payment Terms: T/T,L/C,D/A

Product Specification

- Fast Charge Time: 0.5 Hours
- Year: 2025
- 360° Image System: Holographic Transparent Image System, High Definition 3D Panoramic Observation, 360° Free Of Dead Angle
- Driving Assistant System: DiPilot Intelligent Driving Assistant System, DiTrainer Training Mode, A CC Full Speed Adaptive Cruise System, Artificial Intelligence Driving Systems
- Range: 605km
- Product Category: Sedan Car
- Max Speed: 175km/h
- Keyless Entry: Mobile Phone NFC Car Key, Easy Unlocking By Bringing The Phone Close, No Fear Of Zero Power Or No Network

Product Description

Product Description:

When it comes to Auto Passenger Vehicles, the Sedan Car from BYD stands out as a top choice in the market. This sleek and stylish sedan offers a perfect blend of performance, safety, and advanced technology to enhance your driving experience.

One of the standout features of this Electric Car is its cutting-edge 360° Image System. Equipped with a holographic transparent image system, high definition 3D panoramic observation, and 360° free of dead angle, the Sedan Car provides a truly immersive driving experience. Whether you're navigating through city streets or hitting the open highway, this innovative system ensures that you have complete visibility of your surroundings at all times.

When it comes to performance, the Sedan Car doesn't disappoint. With a max speed of 175km/h, this Electric Car offers a dynamic driving experience that is both exhilarating and efficient. Whether you're zipping through city traffic or cruising on the highway, the Sedan Car delivers a smooth and responsive performance that will leave you impressed.

However, performance isn't the only area where the Sedan Car excels. Safety is also a top priority, with this Electric Car boasting a range of advanced safety features. The Sedan Car is designed to meet the highest safety standards, with a five star safety body design standard that provides optimal protection in the event of a collision. Additionally, the high rigid energy absorbing annular structure body and 62% coverage of high-strength steel plates ensure that you and your passengers are well-protected at all times. With 360° all-round protection, you can drive with confidence knowing that your safety is always a top priority.

In conclusion, the Sedan Car from BYD is a standout choice in the Sedan Car category. With its advanced 360° Image System, impressive performance capabilities, and top-notch safety features, this Electric Car offers a driving experience that is both thrilling and secure. Whether you're a city dweller looking for a stylish commuter vehicle or a road trip enthusiast in need of a reliable travel companion, the Sedan Car is sure to exceed your expectations.

Features:

Product Name: Sedan Car

Applications:

Product Application Occasions and Scenarios for the Sedan Car product: -----

The Sedan Car, originating from China, is a versatile vehicle suitable for various occasions and scenarios.

1. Commuting to Work: The Sedan Car is ideal for daily commutes to work, providing a comfortable and efficient driving experience. Its high-strength steel plates ensure durability and safety during city driving.
2. Family Outings: Families can enjoy road trips and outings in the Sedan Car, thanks to its spacious interior and advanced safety features. The DiPilot intelligent driving assistant system and 360° all-round protection offer peace of mind for long journeys.
3. Business Meetings: For professional settings, the Sedan Car presents a sleek and sophisticated appearance, making a lasting impression. Its AI driving systems and adaptive cruise control enhance driving comfort during business trips.
4. Hyundai Vehicles Enthusiasts: Fans of Hyundai Vehicles will appreciate the Sedan Car's quality construction and innovative features. The five-star safety body design standard and energy-absorbing body structure reflect Hyundai's commitment to safety.
5. Cars Body Parts Suppliers: Suppliers of car body parts can benefit from the Sedan Car's use of high-strength steel plates, which may present new business opportunities for supplying materials.
6. Electric Sedans Market: As electric sedans gain popularity, the Sedan Car stands out with its 87.04kwh battery capacity, 605km range, and fast charging capability. The comprehensive battery protection ensures high safety and reliability for electric vehicle enthusiasts.

Overall, the Sedan Car caters to a wide range of applications and scenarios, blending style, performance, and safety to meet the diverse needs of drivers and enthusiasts alike.

Support and Services:

Our Sedan Car product offers comprehensive Product Technical Support and Services to ensure that your vehicle operates at its best. -----

Our team of skilled technicians is available to assist you with any technical issues or questions you may have regarding your Sedan Car. We provide regular maintenance services to keep your Sedan Car in top condition, including oil changes, tire rotations, and brake inspections. Our technicians are trained to diagnose and repair any issues that may arise, ensuring that your Sedan Car remains safe and reliable on the road.

In addition to technical support and maintenance services, we also offer a range of accessories and upgrades to enhance your driving experience. Whether you're looking to customize your Sedan Car's appearance or improve its performance, our team can help you find the right products and services to meet your needs.

Packing and Shipping:

Product Packaging: -----

The sedan car will be securely packaged in a custom-designed wooden crate to ensure its safety during transit. The crate will be labeled with handling instructions and fragile stickers to alert shipping personnel.

Shipping: -----

Our sedan car product will be shipped via a reputable shipping company that specializes in handling large items. The shipping process will include tracking information provided to the customer for real-time updates on the delivery status.

FAQ:
