Basic Information

- Place of Origin: China
- Minimum Order Quantity: 2
- Price: \$30,000.00/units 1-4 units
- Delivery Time: 45-60
- Payment Terms: T/T,L/C,D/A

Product Specification

- Max Speed: 175km/h
- Year: 2025
- Brand: BYD
- Product Category: Sedan Car
- Battery Capacity: 87.04kWh
- Innovation: Global Innovation In Driving Technology
- Product Name: Speed Electric Car 87.04kwh Battery Capacity 605km Range 175km/h Max Speed BYD Song Plus EV For Fast Charge 0.5Hours In 2025
- Driving Assistant System: DiPilot Intelligent Driving Assistant System, DiTrainer Training Mode, A CC Full Speed Adaptive Cruise System, Artificial Intelligence Driving Systems

Product Description

Product Description:

The Sedan Car is a top-of-the-line vehicle that combines elegant design with cutting-edge technology, making it a standout choice for those in search of a luxurious and advanced driving experience.

One of the standout features of the Sedan Car is its innovative 360° Image System. This system utilizes a holographic transparent image system to provide high definition 3D panoramic observation, ensuring that drivers have a clear view of their surroundings at all times.

With 360° free of dead angles, drivers can enjoy unparalleled visibility and enhanced safety on the road.

When it comes to driving assistance, the Sedan Car is equipped with the DiPilot intelligent driving assistant system. This advanced system includes the DiTrainer training mode, which helps drivers improve their skills and confidence behind the wheel. Additionally, the Sedan Car features an ACC full-speed adaptive cruise system and artificial intelligence driving systems, further enhancing the driving experience and ensuring optimal safety on the road.

With a maximum speed of 175km/h, the Sedan Car offers powerful performance capabilities, making it an ideal choice for those who value both speed and efficiency. Whether cruising down the highway or navigating city streets, the Sedan Car delivers a smooth and responsive driving experience.

Constructed with high-strength steel plates, the Sedan Car is built to withstand the rigors of daily driving while providing a safe and secure environment for passengers. The durable materials used in the construction of the Sedan Car ensure long-lasting quality and reliability, giving drivers peace of mind on every journey.

When it comes to battery safety, the Sedan Car excels in providing high safety and long life for its comprehensive battery protection system. Drivers can rest assured knowing that their vehicle is equipped with state-of-the-art battery safety features, ensuring optimal performance and longevity for the battery system.

In conclusion, the Sedan Car is a standout choice for those in search of a premium driving experience. With its advanced technology, innovative features, and luxurious design, the Sedan Car sets a new standard for 4 Door Sedan Cars and offers unparalleled performance and comfort for auto passenger vehicles. Whether navigating city streets or embarking on a cross-country road trip, the Sedan Car delivers a driving experience that is second to none.

Features:

Product Name: Speed Electric Car 87.04kwh Battery Capacity 605km Range 175km/h Max Speed BYD Song Plus EV for Fast Charge 0.5Hours in 2025

Model: Song Plus EV

Keyless Entry: Mobile phone NFC car key, easy unlocking by bringing the phone close, no fear of zero power or no network

Brand: BYD

Battery Type: DM-i super hybrid special blade battery

Technical Parameters:

Max Speed	175 km/h
Product Category	Sedan Car
Brand	BYD
Keyless Entry	Mobile phone NFC car key, easy unlocking by bringing the phone close, no fear of zero power or no network
Innovation	Global innovation in driving technology
Safety Features	Five star safety body design standard, high rigid energy absorbing annular structure body, 62% coverage of high-strength steel plates, 360° all-round protection
Battery Capacity	87.04 kWh
Range	605 km
Battery Safety	High safety and long life, comprehensive battery protection
Model	Song Plus EV

Applications:

When it comes to the Sedan Car product, there are various Product Application Occasions and Scenarios that cater to different needs and preferences. Originating from China, this Sedan Car is priced at \$30,000.00 per unit for 1-4 units, making it an affordable option for individuals or businesses looking for high-quality transportation.

The Sedan Car is ideal for individuals or families looking for reliable and stylish Auto Passenger Vehicles. Its sleek design and advanced features make it a popular choice among those who value both aesthetics and performance in their vehicles. Whether it's for daily

commutes, weekend getaways, or special occasions, this Sedan Car offers a comfortable and enjoyable driving experience. For businesses or organizations in need of fleet vehicles, the Sedan Car is a practical choice. With a Delivery Time of 45-60 days, businesses can quickly add these vehicles to their operations without long delays. The Minimum Order Quantity of 2 units allows for flexibility in purchasing multiple vehicles to meet the needs of the business. Payment Terms for the Sedan Car include T/T, L/C, and D/A, providing convenient options for buyers to complete their transactions. The Battery Type of DM-i super hybrid special blade battery ensures efficient energy usage and long-lasting performance, making it suitable for long drives or frequent use. With a Max Speed of 175km/h, the Sedan Car offers a balance of speed and safety, making it suitable for highway driving or urban commutes. The safety features of the Sedan Car are top-notch, including a Five star safety body design standard, high rigid energy absorbing annular structure body, and 62% coverage of high-strength steel plates for 360° all-round protection. Furthermore, the Sedan Car's Fast Charge Time of 0.5 hours ensures quick and convenient charging, allowing drivers to get back on the road without long wait times. Whether you're a fan of Hyundai Vehicles, CHEVROLET, or other popular brands, the Sedan Car offers a competitive option with its combination of performance, safety, and affordability.

Support and Services:

- Product Technical Support and Services for Sedan Car:
- Assistance with vehicle maintenance and troubleshooting.
 - Technical guidance for operating the vehicle efficiently.
 - Repair services for any mechanical or electrical issues.
 - On-site support for emergency situations.

Packing and Shipping:

Product Packaging:

The sedan car is carefully packaged to ensure its safety during transportation. It is wrapped in protective materials and placed in a sturdy cardboard box to prevent any damage.

Shipping:

Once the sedan car is packaged, it will be shipped by a reliable transport company. The shipping process includes tracking the delivery to ensure timely arrival at the specified destination.
